

Gasas Lab Operating Policy

2022.09.23

Lab

1. Meal Allowance Support

- A. Support for month-end settlement after arranging nearby restaurants – restaurant selection and scope to be finalized after reviewing local circumstances
- B. The meal allowance (100,000 KRW) already included in the base salary is excluded from salary

2. Flexible Working Hours System

- A. Purpose: To increase job satisfaction and productivity by improving researcher welfare; to help attract and retain top talent for the lab; to boost sense of belonging and loyalty; and to reduce turnover
- B. Operation: Employees may freely choose their arrival/departure times within a 40-hour work week.
- C. Focus Work Hours: Operating focus work hours to improve concentration on work
- D. Advance Notice of Meeting Times: Minimizing work gaps through prior coordination of work schedules
- E. Detailed Operating Guidelines
 - i. Standard 40-hour work week
 - ii. Recognized working hours: 07:00–22:00
 - iii. Recognized clock-in hours: 07:00–13:00
 - iv. Minimum daily working time: 4 hours 30 minutes (4 hours of work + 30 minutes of break)
 - v. Focus work hours: 10:00–12:00, 14:00–16:00
 - vi. Break time application: Reflects legally mandated break times
 - a. A 30-minute break applies for every 4 hours worked.
 - b. For an 8-hour workday, the 1-hour lunch break counts as the break time.
 - c. For 12 hours or more of work, a 1 hour 30 minute break applies.
Example) Working 08:00–21:30 applies a 1-hour-30-minute break, making actual working time 12 hours.
 - vii. Excluded working time: Being away from the desk for 10 minutes or more is excluded from working time.
 - viii. Time away from the desk for work purposes is counted as working time after explanation/justification.
 - ix. Time for outside work or business trips must be explained through separate approval (final approval by the Lab Director).
